

Nippon Signal is set to exhibit in the world's largest International Railway Trade Fair "Inno Trans 2022"

September 2, 2022

Nippon Signal Co., Ltd. (Head office : Chiyoda, Tokyo, President & CEO : Tsukamoto Hidehiko) will be exhibiting at Inno Trans 2022, the world's largest international railway trade fair to be held in Berlin, Germany. Inno trans which is held once in every two years was cancelled in 2020 due to the spread of Novel corona virus. This year it is going to be held after a gap of 4 years which will be our 6th time of participating in this exhibition since our first participation in 2010.

At our booth, based on the concept of "NEXT STAGE with NIPPON SIGNAL", on the three themes of Autonomous driving, O&M, and Security, we will introduce our "Next-Generation Transportation Infrastructure solutions" that utilizes the latest Digital & DX technologies.

1. Date September 20th - 23rd 2022
2. Venue Messe Berlin Hall 7.2a JORSA Pavilion, Booth No. 500-02
3. Website <https://www.innotrans.de/en/>
4. Exhibits
 - 1) Actual display of products (Object detection system by Laser Ranging Image Sensor)
 - 2) Panel exhibits (Condition Based Maintenance platform, Multifunctional Railway Heavy Machinery, Automatic X-ray Baggage Checking System, CBTC system "SPARCS")
